

START HERE:

Does your project focus on nonpoint source (NPS) pollution?
Consult www.npscolorado.com
For information

You don't qualify for NPS funding. Check out other possible funding sources at www.npscolorado.com/fundingopportunities.htm

Does your project focus on broad educational or information dissemination?

Use the I&E project proposal application at www.npscolorado.com

Does your project aim to produce a planning document that integrates the issues, data, stakeholders and solutions in an organized manner using the watershed approach?

Use the Watershed Planning project proposal application at www.npscolorado.com

Use the Project Implementation proposal application at www.npscolorado.com

Does your project plan to implement on-the-ground restoration activities that have already been identified in a 9-element watershed plan?

Call us at (303) 692-3585 about your project proposal.

Call us at (303) 692-3585 about your project proposal.

Does your project plan to focus on a nonpoint source related ground water problem?
