

Keep It Clean 'Cause We're All Downstream!

Hey kids, find and circle the types of pollution sneaking into the water supply. See if you can find all six! Answers are at the bottom of the page.

Streams are my home too. So let's keep 'em clean!

For water protection tips and programs, visit www.basin.org/wash or call 303.413.7365.

Pollution answers: suds, oil, paint, fertilizer, dog poop, trash
